Instructor Statement: *I understand the competency standards for this qualification level and have successfully achieved all performance criteria and/or related learning outcomes without prompting or assistance from others. I am adequately prepared to independently apply knowledge and skills related to this qualification level in areas and under conditions similar to those in which I was assessed. I realise that additional training and experience is required for participation in specialised activities at height involving new and/or unfamiliar equipment. I am aware that I am 'competent at time of assessment' and may need to update or refresh my knowledge and skills after long periods of inactivity. My signature on this verification form is my personal guarantee that I accept and agree with the assessment decision made by my assessor. I agree to abide by the Professional Association of Climbing Instructors' standard safe climbing and abseiling practices and/or safe practices for working at height.*
