TREE CANOPY ACCESS – (Industrial context)

The tree canopy course covers methods of accessing the canopy (tree top), work positioning, ladder skills, rope ascending and descending methods, configuring a range of improvised descending systems, change-overs, risk assessment techniques and setting up retrievable abseiling systems.

Training is designed to be realistic and customised to suit your particular situation.

Duration = 2 ½ days

Cost = Please contact your trainer

Enrolment =

- Be at least 18 years of age
- Speak, read and understand the English language (unless accompanied by a skilled translator)
- Fit and healthy for working at height (requires agility)

Location = At your normal workplace or an alternative location as agreed

Equipment = Please contact your trainer direct to discuss your equipment requirements.

Qualification = Statement of attainment that is nationally recognised.
